

Frequently Asked Questions

What is a Cremation Memorial?

A Cremation Memorial is a product constructed of special material blended with the cremains of your loved one. You can think of the finished product as you would your loved one. Unlike traditional urns that act as a vessel for storing cremains, the Cremation Memorial can be used as a piece of artwork, serving as a inspirational and tranquil reminder of your departed loved one. The concept of constructing a work of art from cremains is unique in many respects. With the Cremation Memorial, you will be reminded of your loved one each time you see it.

How do you create a Cremation Memorial?

Your Cremation Memorial is hand-crafted. We take a measured portion of your loved one's cremains, blend them with special material for preservation, and craft them into a finished, sealed and coated product. Each product is delivered with a Certificate of Authenticity, including your loved one's date of birth, departure date, and unique serial number matching the registered engraving on the back side of the cross.

Can I memorialize my pet?

Yes, this is quite common for people with special pets. The process is exactly the same as with the Cremation Memorial for family members. Contact us directly to discuss our one-of-a-kind Pet Memorial products.

Do you use all cremains when you craft a Cremation Memorial?

No. We only use a small percentage. You send us a measured amount to unite with the artifact. No need to send the entire amount back and forth. It's common for our customers to request the creation of multiple Cremation Memorials from the same cremains. For such cases, the measured amount increases slightly. Petitioning the creation of multiple Cremation Memorials allows you to share the memory with other family members or loved ones.

Can I have more than one Cremation Memorial made for my loved one?

Absolutely! We can make a relatively large number of additional Cremation Memorials using the same cremain source with a slight difference in the measured amount that we require.

Can I go through my funeral home to order a Cremation Memorial?

You can work directly with any funeral home registered to be a Cremation Memorial distributor. Contact us by phone or email to locate distributors

Pet Memorials

"Made in the USA" - Each Cremation Memorial is hand-crafted in our facility located in Rhode Island. Each family memorial is engraved with your loved one's name, birth date, and/or death date. The memorial is also delivered with a Certificate of Authenticity bearing the name of the person for which it was made.

Share your loved one...

At Windsong Memorials, we understand that most dearly departed are survived by more than one person. We make it possible to share your loved one's Cremation Memorial with virtually all surviving family members. Each memorial can be shipped directly to you or to multiple locations throughout the world.

Additionally, our process doesn't require that all cremains are used in the memorial. You will still have enough to use in urns, special burials, scattering, or other purposes.

Hand Crafted with Care

Each Cremation Memorial is hand-made by a skilled artist who exercises great care in the handling of your loved ones cremains during the creation process. The total time needed to create your memorial is approximately seven days from receipt of the cremains. Additional time may be needed for multiple memorials and shipping.

Custom Painting

Pet memorials are hand painted to a likeness of your pet. Send us a photo and one of our skilled artists will paint your memorial to match the photo.
