

Frequently Asked Questions

What is an Eternal Cross?

An Eternal Cross is a product constructed of special material blended with the remains of your loved one. You can think of the finished product as you would your loved one. Unlike traditional urns that act as a vessel for storing remains, the Eternal Cross can be used as a piece of artwork, serving as a beautiful reminder of your departed loved one. The concept of constructing a cross from remains is unique in all respects. With the Eternal Cross, you will be reminded of your loved one each time you see it.

How do you create an Eternal Cross?

Your Eternal Cross is hand-crafted. We take a measured portion of your loved one's remains, blend them with special material for preservation, and craft them into a finished, seamless product. Each product is delivered with a Certificate of Authenticity, including your loved one's date of birth, departure date, and unique serial number matching the registered engraving on the back side of the cross.

Can I memorialize my pet?

Yes, this is quite common for people with special pets. The process is exactly the same as with the Eternal Cross. Contact us directly to discuss our one-of-a-kind pet memorial products.

Do you use all remains when you craft an Eternal Cross?

No. We only use a small percentage. You send us a measured amount to unite with the artifact. No need to send the entire amount back and forth. It's common for our customers to request the creation of multiple Eternal Crosses from the same remains. For such cases, the measured amount increases slightly. Petitioning the creation of multiple Eternal Crosses allows you to share the memory with other family members or loved ones.

Can I have more than one Eternal Cross made for my loved one?

Absolutely! We can cast a relatively large number of additional Eternal Cross using the same remain source with a slight difference in the measured amount that we require.

Can I go through my funeral home to order an Eternal Cross?

You can work directly with any funeral home registered to be an Eternal Cross distributor. Contact us by phone or email to locate distributors near you.

Eternal Cross

We understand the difficulty in finding just the right objects to memorialize your loved one. Most existing solutions don't offer you daily comfort in uniquely remembering your loved one.

We've created a unique process that transforms cremains into a decorative piece of artwork in the shape of a beautiful cross that can be displayed in your home, office, garden, patio, or any other special area.

Certified Authentic

"Made in the USA". Each Eternal Cross is hand-crafted in our facility located in Rhode Island. Each cross is engraved with your loved one's name, birth date, death date, and assigned a unique serial number. The cross is also delivered with a Certificate of Authenticity bearing the name of the person for which it was made. Crosses can be ordered with or without the decorative display case.

Family Heirloom

The Eternal Cross is the perfect item to bequeath to children or other family members ensuring that your loved one is remembered for many generations. This artwork is a decorative conversation piece and beautiful heirloom celebrating the life of your loved one.

Share your loved one...

At Windsong Memorials, we understand that most dearly departed are survived by more than one person. We make it possible to share your loved one's Eternal Cross with virtually all surviving family members. Each cross can be shipped directly to you or to multiple locations throughout the world.

Additionally, our process doesn't require that all cremains are used in the Eternal Crosses. You will still have enough to use in urns, special burials, scattering, or other purposes.

Hand Crafted with Care

Each Eternal Cross is hand-made by a skilled artist who exercises great care in the handling of your loved ones cremains during the creation process. The total time needed to create your cross is approximately seven days from receipt of the cremains. Additional time may be needed for multiple crosses and shipping.
